Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free, F. J. CHENEY & Co., TOLEDO, O. Sold by druggists, 75c.

Take Hall's Family Pills for constipation.

Frank Austin made a fine speech at the educational rally but we rather think he overlooked his hand when he declared "My duty calls me not to

Lawrenceburg, but demands that I stay here." What's gone wrong up there?

Squire Price was seen taking some sheep down to Horace Derhough's and he looked "sheepish" coming back. He always does.

A Second District Democrat

"YE DEMOCRATS TAKE AND BE HEALED"

As I have never written to this paper, I will try and write a few lines of consolation to the dear old party.

There has been another seal and we are waiting to see what it is like unto. But I hope in the coming of the Governor's Election that we will rightly divide the word. And I want to say unto the back-sliding Democrats you have sold your birthrights. And in the Governor's Election, come seek repentance, and if you do not, in a few more Elections the old party will be saying (We are the State) and you will have the Tennessee part of Uncle Sam wondering who he is, then you will seek repentance with tears but without avail.

I will prescribe for you, Patterson, Taylor and such.

But above all things, don't drink to much.

For if you elect the other man Then you'll be scorch of dram

Now if you don't believe that is corn,

ust read a few lines in the, Evan's platform.

Potatoes and Pigs

A New Claimant for Agriculture Honors-Fine Porkers.

Our friend George I. Freeman, now cometh forward and showeth ye Scribe that in raising of pigs and prattles he has the proverbial Hibernian "skinned a block" whatever that may mean. His half bushel of potatoes produced food for a family or two all the season, and he sowed twenty-five fine bushels for the future, and his pigs at six months old weigh 400 pounds apiece. These are figures in the case (and figures never lie) but it is a work of supererogation to be fooling with figures in this case. It suffices us to say that in this field of endeavor, our big hearted friend is unapproached and unapproachable.

Monster Radish.

Lawrence County takes the Prize Easily in this Regard Radish a wonder

This season seems to be prolific of wonderful vegetables in Lawrence County. And among all the prize products and freaks yet presented a huge radish, sent to this office by Joe Styles of West Point, stands out prominent. The monster measures 18 inches in length, 13 inches in circumference and weighs four pounds, seven and three-fourths ounces. Mr. Styles does not advise us of the secret of its marvelous growth, but undoubtedly he takes the cake in this particular.

Notice.

To my friends and customers:- I am at the same old stand on S. Military St. and better prepared than ever to do your work. I have added a first class planer and band saw and other machinery to facilitate work. Repairing done on short notice. Also new wagons or vehicles of any kind built to order. Work done by the best experienced workman in the county. With my sincere thanks for patronage in the past m sincerely, W. E. Ganselman

Venus

The school rally here Tuesday was a great success. The work began promptly at 8:30 A. M. and continued until about 4 P. M. There were representatives from the five schools of the district all of whom took an active part in the work. Several leading citizens of the district enjoyed the work during the day. School directors W. H. More and W. H. Vandiver were present and the board ordered sixty fine patent desks for the district. A new house will be built at Venus. This has been under consideration by the board for the past six months and will be done as the last crowning act of the very excellent administration of this splendid board.

The work of the day was especially interesting in Arithmetic, Language and Reading. The beautiful banner was won on competition work by Wesley's Chapel school taught by C. W. Clayton with Crestown school taught by M. D. Clifton a close second.

The spelling contest was fast and furious from the beginning and the usual great interest was manifested. Several of last year's delegates were successful this year. The delegates selected are as follows:- Wesley's Chapel: Misses Annie May Crews, Lillie Harris, Mattie Dial. Messrs Ed McGee, William Harris, Harrison McGee. Crestown: Jno. Crews and Annie Crews. Venus: Gertrude Goble and Jessie Kilborn.

The parade was formed in the afternoon and taken charge of by W. C. Vandiver Esq. and Jno. W. Clayton. The enthusiasm among the children was very marked indeed. It will be remembered that District 6 was second in the spelling contest last year and that it made one of the finest showings among the districts in the parade. And it seems that there is a determination on the part of all to be first this year.

The Superintendent made a strong address urging the importance of public improvements of substantial nature. He referred to the work being done in District 12 where he said there were being three good houses built where they had never had a school house before. He outlined the work of the Central Rally on September 29 and urged earnestness on the part of all in promoting educational advancement.

The custody of the district banner will remain with the school winning it until an examination which the Superintendent will hold in all the schools in December when it will be permanently given to that school of the district making the best showing in that examination.

None of the newly elected board of directors were present at the rally but both of the Justices of the Peace, Jerry Crews and Jno. W. Clayton were present and both are earnest advocates of better schools.

Prospects look fine for District 6 and the others would do well to watch them in the parade and the great spelling

contest. But we must not forget to mention the dinner. Although the weather was bad there was plenty for all and everyone joined in this feature with real old time Southern earnestness.

Chinubee

There was a fine crowd in attendance at the school rally here Thursday, and there will be a large delegation at Lawrenceburg on September 29th. The work began promptly at 8:30 A. M. and continued until nearly 4 P. M. All of the public schools of district No. 15 were represented and the work was practical and interesting. Several prominent citizens were present during the day. The entire board of school director were present and were pleased with the work. Examinations were conducted by County Superintendent L. B. White in the forenoon and the different schools graded on their work. It was a strenuous days work and will doubtless result in great good to the schools of the 15th district. At noon an excellent old time basket dinner was served after which the parade was formed under the direct of F. H. Austin and other teachers and the schools marched for some distance and returned to the school at 1 P. M. The spelling contest was one of the most spirited ones ever held in any district and resulted in the following delegates were chosen:-

Rud Guinn
Lizzie McCord
Zula White
Earl McMasters
Gilbert Frazier
Lillie Kimbrough
Paul Kimbrough
Maude Bromley
Lawrence Springer
Myrtle Roberts

The above delegates were divided among West Point, Chinubee, Sharp town, and Springer School. The district banner was awarded to the Springers school. The custody of this banner, will remain with the school winning it at the district rally, until December when it will be given to that district making the best showing on examination given by the County Superintendent. Rev. Kimbrough took a photograph of the rally. Strong educational addresses were made by Rev. Cherry and Geo. L. Kelley in the afternoon. The Chinubee school house is now one of the best in the County, but in view of still further improvements the teacher and local director are giving an ice cream supper for Saturday night Sept. 25th. Every body is invited. Much of the improvement heretofore made there has been done in this way. The house has a nice chart, fine blackboards, a splendid library, and the windows are provided with nice shades. The school of District 15 are doing well. West Point is still without a principal, but it is hoped that a contract may be closed soon with a first class man.

Who could it be? O, if I only knew! This is the question that is being propounded by the West Point girls.

"We are coming boys" said the girls to the boys in blue, "if you will only be true."

Esq. McCrory has let the plans for his new house that he is soon to erect. Look out, Wayland, you may lose one of your sweetest flowers.

Clarence Scott lost somewhere about one box of wax one night last week. This is the tale he told his wife but I expect he gave it to some little miss.

Long Branch

On Saturday August 11, 1906 the Dark Winged Messenger of Death came to the home of Mr. and Mrs. Lewis Hughes and took their only child Little Roy, aged ten months. Oh! it's hard to part with our loved ones. He was a bright and sweet little boy and his parents will greatly miss him in the home which will be so lonely without his dear little voice. Dear, heart-broken parents, he is gone but not forgotten and the only thing we can do is to prepare to meet our loved ones in that beautiful home where there is no parting and no farewell tears are shed. So cheer up dear father and mother and meet little Roy in that sweet Home in Heaven for he has paid the debt we all must pay soon or late and let us all try to be prepared.
